Objective

Recent graduate with a Master's in Data Science and hands-on experience in machine learning and data analysis. Eager to apply analytical skills and technical knowledge to support data-driven decision-making at XYZ Corp.

Education

Master of Science in Data Science
University of Southern California, Los Angeles, CA
September 2022 – May 2024

- Relevant Coursework: Machine Learning, Data Visualization, Statistical Analysis

Bachelor of Science in Mathematics
University of California, Los Angeles, CA
September 2018 – May 2022

- Relevant Coursework: Calculus, Linear Algebra, Probability Theory

Technical Skills

- **Programming Languages**: Python, R, SQL
- **Machine Learning**: scikit-learn, Keras
- **Data Visualization**: Tableau, Matplotlib
- **Tools**: Jupyter Notebook, Git
- **Database Management**: MySQL

Internships

Data Science Intern
ABC Analytics, Los Angeles, CA
June 2023 – August 2023

- Assisted in developing machine learning models for customer segmentation, leading to targeted marketing strategies.
- Conducted data cleaning and preprocessing to prepare datasets for analysis.

Research Assistant
UCLA Mathematics Department, Los Angeles, CA
September 2021 – May 2022

- Analyzed large datasets for research projects, providing insights through visualizations and reports.

Projects

Sales Prediction Model

- Created a predictive model to forecast sales using Python and scikit-learn, achieving an accuracy of 80%.

Data Visualization Dashboard

- Developed an interactive dashboard using Tableau to visualize key performance metrics for a mock business.

Certifications

- Introduction to Data Science – Coursera
- Python for Data Science – edX
